

Maximum Heat Entry Grid

As we grow and our event takes place in one action packed day, we are outlining the total amount of heats available to make the day enjoyable for you and your students.

In the grid below, Column (A) represents the total heats available for each dance that a teacher may enter.

Column (B) is the total number of heats you are dancing with your students.

Use the grid below as your guide when filling out entry forms and make sure YOUR COLUMN (B) matches OUR COLUMN (A)

We appreciate your participation and look forward to servicing an awesome competition for you and your students.
